**July 2014-June 2015: EEO Long Term Outreach Initiatives  
State of Wisconsin-Educational Communications Board (WECB)**

**Station Employment Unit WERN (WECB Headquarters)**

**I. First Initiative: *Providing resources relating to internship, job training and scholarship opportunities***

WECB is an active participant in the Wisconsin Broadcasters Association (WBA) scholarship and internship program. WECB, in addition to providing monetary support for the scholarship effort, donates senior staff time and expertise in evaluation of applications for the multiple WBA Foundation Broadcast Scholarships awarded in March of 2015. WECB senior staff also provided assistance in the administration of the WBA Engineering Internship and Engineering Training programs, which provide summer internships at broadcast stations statewide as well as stipends for engineering training.

In July and August of 2014 WECB was pleased to host a summer intern, Mr. James Liddicoat, an information technology (IT) student who intends to make broadcast technology part of his future career path. James spent his 8 week internship at WECB job-shadowing many people across all WECB Divisions and Departments, and included multi-day field trips to view ECB transmission sites and projects under construction. He also worked in the ECB Operations Center, and contributed his IT expertise in several areas of our technology lab.

**II. Second Initiative: *Providing Advanced EEO training opportunities for senior WECB Management***

- On January 21, 2015, Marta Bechtol, WECB Deputy Director and Agency EEO Officer, attended a seminar entitled "*Avoiding Discrimination in Employment Terminations*" presented as part of the WBA 2015 Winter Conference held at the Concourse Hotel, Madison, WI.
- On June 17, 2015, Gene Purcell, WECB Executive Director, was registered to attend a seminar entitled "*Navigating the FCC's EEO Rules and Policies—A Guide for Broadcasters*" presented as part of the WBA 2015 Summer Conference at the Kahlari Resort in Wisconsin Dells, WI. Unfortunately, the speaker for the seminar experienced unanticipated travel delays and the seminar was cancelled. Subsequently, WBA and the presenter offered the same seminar topic via webinar on July 15, 2015 and Gene Purcell participated in that webinar.

**III. Third Initiative: *Listing of each upper level category job opening in a job bank or newsletter of media trade groups whose membership includes substantial participation of women and minorities***

- WECB filled seven full-time job vacancies in the period July 1, 2014 to June 30, 2015. Position announcements were designed to reach the widest possible talent pool, especially to female and minority applicants. Included earlier in this report was a more detailed listing of those contacts available for use in employment information dissemination. ECB is required by state statute to utilize the services of the State of Wisconsin Department of Administration in all position fills, and the DOA adds additional notification sites to those utilized by ECB on all job searches. Those additional sites notified are indicated on the recruitment source listing included earlier in this report.

**IV. Fourth Initiative: *Participation in job fairs and related employment, information, and outreach events by station personnel who have substantial responsibility in the making of hiring decisions***

- On January 21, 2015, Marta Bechtol, Deputy Director and agency EEO Officer, was an active participant in the WBA Job/Career Fair held at the Concourse Hotel, Madison, Wisconsin, and represented all WECB-licensed radio and television stations.
- On June 17, 2015, Gene Purcell, WECB Executive Director, was an active participant in the WBA Job/Career Fair held at the Kalahari Resort, Wisconsin Dells, Wisconsin, and represented all WECB-licensed radio and television stations.

## FCC EEO Narrative

July 2014

The Wisconsin Educational Communications Board (WECB) policy and practice at all levels and locations, assures the active and positive implementation of federal, state, local and departmental Equal Employment Opportunity/Affirmative Action laws (EEO/AA), executive orders, policies, plans, rules and regulations. The commitment will be honored in all our employment and personnel activities and transactions. We are committed to equal employment for all persons regardless of race, creed, religion, sex, color, sexual orientation, national origin or ancestry, age, disability, marital status, arrest or conviction record, political affiliation, or membership in the national guard, state defense force or any other reserve component of the military forces of the United States or this State.

The WECB is committed to the implementation of affirmative action for the elimination of the present effects of past discrimination and to ensure equal opportunity. The agency recognizes the need to take affirmative action for racial/ethnic groups, females, and persons with disabilities in classified positions. The agency will also affirm its commitment to EEO principles for racial/ethnic groups, females, and persons with disabilities in staffing LTE, project or unclassified positions to ensure equal/opportunity and overcome the effects of past discrimination. We are committed to ensuring EEO/affirmative action principles in all terms, conditions, or privileges of employment, including, but not limited to, recruitment, interviewing, certification, selection, job assignments, working conditions, fringe benefits, compensation, training, transfer, layoffs, disciplinary actions, terminations, promotions, testing, retention and committee appointments.

WECB has developed a comprehensive program to insure that these EEO policies and goals are communicated to all at the agency who are or may be responsible for making hiring decisions. Periodic meetings are held with Department Heads and Supervisors to insure that they understand and follow the agency's EEO plans and procedures. The agency has designed its recruitment messaging to reach a mix of both newspaper and on-line job seekers, and has found that extending notification to sites specifically targeted at technical, female, and minority groups invariably produces a broad and inclusive talent pool. WECB believes in supporting longer-term activities such as working with the state broadcast association to develop and administer state-wide internship and scholarship programs, and actively works in recruitment efforts for the next generation of broadcast and educational leadership. The agency also joins our partners at Wisconsin Public Television and Wisconsin Public Radio in viewer and listener outreach events, which provides significant value to the community as a whole while simultaneously demonstrating the benefits of a diverse work environment.

Through its affirmative action plan development, and its implementation and monitoring to achieve equal employment opportunity, the agency has vested the primary responsibility for affirmative action with its division administrators and related administrative and supervisory staff. Management performance will continue to be evaluated at least annually against criteria developed by the agency relating to affirmative action. Position descriptions shall include a description of their affirmative action responsibilities.

The WECB will make every effort to prevent and eliminate any form of prohibited harassment. Harassment by supervisors or coworkers on the basis of race, color, sex, religion, national origin, age, disability or other protected groups is an unlawful employment practice prohibited by State and Federal law as well as the internal policies and procedures of this agency. Harassment on the basis of any protected status in service delivery is also prohibited.

The WECB will provide reasonable accommodations for persons with disabilities to ensure equal access to employment and all benefits associated with employment. An individual who is disabled is defined by the Wisconsin Fair Employment Law as: (1) having a physical or mental impairment which makes achievement unusually difficult or limits the capacity to work, (2) having a record of such an impairment or (3) being perceived as having such an impairment.

These policies, procedures, and standards shall be reviewed periodically by the WECB EEO/Affirmative Action Committee, chaired by Marta Bechtol, EEO/AA Officer and Deputy Director of the ECB. Ms. Bechtol reports directly to the WECB Executive Director.
