INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Wisconsin Educational Communications Board
Madison, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, and each major fund of the Wisconsin Educational Communications Board, an agency of the State of Wisconsin, as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Wisconsin Educational Communications Board's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of the Wisconsin Public Radio Association, Inc. and the Friends of PBS Wisconsin, Inc., which represent 31 percent, 29 percent and 76 percent, respectively, of the assets, net position and revenues of the Wisconsin Public Broadcasting Foundation, Inc. and 24 percent, 23 percent, and 69 percent respectively, of the assets, net position, and revenues of the business-type activities as of and for the year ended June 30, 2020. We did not audit the financial statements of the Wisconsin Public Radio Association, Inc. and the Friends of PBS Wisconsin, Inc., which represent 29 percent, 26 percent and 72 percent, respectively, of the assets, net position and revenues of the Wisconsin Public Broadcasting Foundation, Inc. and 23 percent, 21 percent, and 50 percent respectively, of the assets, net position, and revenues of the business-type activities as of and for the year ended June 30, 2019. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Wisconsin Public Radio Association, Inc. and the Friends of PBS Wisconsin, Inc. and , is based solely on the report of the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Wisconsin Educational Communications Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Wisconsin Educational Communications Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and each major fund of the Wisconsin Educational Communications Board as of June 30, 2020 and 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note II.H. to the financial statements, net position and other amounts have been restated for 2019 to correct material misstatements. Our opinions are not modified with respect to this matter.

As discussed in Note I.A., the financial statements present only the Wisconsin Educational Communications Board and do not purport to, and do not present fairly the financial position of the State of Wisconsin. Our opinions are not modified with respect to this matter.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As of and For the Years Ended June 30, 2020 and 2019

The Management's Discussion and Analysis (MD&A) section is prepared by the Wisconsin Educational Communications Board's (ECB's) executive staff and is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in its Statement Number 34. The MD&A provides the reader with general information on the financial activities of ECB and the Wisconsin Public Broadcasting Foundation, Inc. (WPBF).

ECB is an agency of the State of Wisconsin that delivers educational, noncommercial and public safety media to the citizens of Wisconsin. ECB operates a statewide public television network, consisting of 5 digital stations and 6 TV translators, each with 4 programming streams. ECB also operates a statewide public radio network with three programming streams (WERN-FM and its affiliated Music Network stations, WHAD-FM and its affiliated Ideas Network stations, and a network of 24 hours per day classical music HD radio stations) consisting of 17 FM stations, 1 AM station, and 4 FM translators. 11 of the FM sites are currently broadcasting a digital radio signal in addition to analog. Additionally, ECB operates a network of 28 National Weather Service broadcast sites, and holds multiple Educational Broadband Service licenses.

Following this section are financial statements and notes pertaining to ECB. The Statements of Net Position provide information on the assets, deferred outflows, liabilities, and deferred inflows of ECB, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as useful indicators of whether ECB's financial position is improving or deteriorating. The Statements of Revenues, Expenses, and Changes in Net Position, and the Statements of Cash Flows provide information on income, expenses, and cash activities. The Notes to the Financial Statements provide additional information that is essential to promoting a full understanding of the data provided in the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As of and For the Years Ended June 30, 2020 and 2019

State of Wisconsin General Fund Revenues, which are a significant source of funding for ECB's safety services, delivery operations, and the associated administration, are reported as Nonoperating Revenues under governmental accounting standards. The result of this accounting treatment is a reported net operating loss. This loss is offset by Nonoperating Revenues and Capital Contributions.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Pandemic impacts already seen by ECB include: a one-time payment from CPB of \$350,000 (\$200,000 for the television grantee and \$75,000 for each of the two radio grantees; see notes to the financial statements III.E for more information about ECB's grantees). ECB has also received funding through the coronavirus relief package via the Department of Administration. In FY 2020, ECB received \$32,000 in reimbursement of costs. In FY 2021, ECB anticipates receiving additional fund to offset COVID-19 related costs, including extra costs related to appropriate social distancing, telecommuting and personal protective equipment costs.

ECB's Capital Assets are presented at historical cost less depreciation. Capital Assets, which include Intangible Assets, increased by less than 1 percent during FY 2020, or about \$60,000. Purchases of new Capital Assets totaled \$1.75 million, while depreciation and disposals totaled \$1.69 million for the fiscal year. Capital Assets decreased 4 percent or \$350,000 in FY 2019 because capital asset additions were outpaced by depreciation and disposals. Disposals and depreciation totaled about \$1.45 million, while additions totaled approximately \$1.1 million.

Other Assets increased by 8 percent or \$2.8 million in FY 2020. A \$4.8 million increase in investments plus a \$550,000 increase in Net Pension Asset was offset by a \$2.5 million decrease in Cash and a \$50,000 decrease in Receivables and Prepaid Expenses. In FY 2019, Other Assets increased by 10 percent or \$3.3 million. An increase in Investments of \$6.3 million was offset by a \$2.6 million decrease in Cash and a \$500,000 decrease in Restricted Net Pension Asset. In addition, there was a net increase in Prepaid Expenses and Accounts Receivable of approximately \$100,000 to account for the remaining increase. These changes are consistent with the WPBF's goal of moving cash balances into longer-term investment accounts.

Current Liabilities decreased by 17 percent or \$410,000 during FY 2020 because of smaller decreases in several Current Liability accounts. The most significant change was in Unearned Revenue with a \$260,000 decrease. \$200,000 of this amount related to decreases in component unit Unearned Revenue: component unit events were cancelled because of the COVID-19 pandemic, and therefore, upfront payments for those events were not received and classified as Unearned Revenue. Since the end of FY 2020, ECB's component units have switched events to virtual formats. Therefore, amounts in FY 2021 should increase. An additional \$60,000 was related to the timing of an annual lease payment ECB receives near year-end each year. The remaining \$150,000 decrease in Current Liabilities included a \$170,000 decrease in Accounts Payable and Due to Affiliates, based on timing of payments, and a \$30,000 decrease in Capital Debt Interest Expense Payable, and a \$10,000 decrease in Current Bonds Payable based on reduced debt. These decreases were offset by a \$40,000 increase in Wages and Compensated Absences Payable. The decrease in Bonds Payable is significant as ECB will pay off the remaining balance of its Program Revenue Debt during FY 2021. In FY 2019, Current Liabilities increased by 24 percent because of a \$500,000 increase in Due to Affiliates. This increase was related to calculating the split of ECB's component units between ECB and its partners at UW-Madison. Other current liabilities were virtually unchanged in FY 2019.

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As of and For the Years Ended June 30, 2020 and 2019

A \$600,000 decrease to Noncurrent Liabilities in FY 2020 and a \$540,000 increase in FY 2019 are attributed to changes in the Net Pension Liability. The Net Pension Liability or Asset changes because of changes made in actuarial assumptions and fluctuating investment returns. The State of Wisconsin's Employee Trust Funds (ETF) hires actuaries to calculate the pension amounts. The increase to Noncurrent Liabilities caused by the Net Pension Liability in FY 2019 was offset by a \$50,000 decrease in Compensated Absences from the turnover in two long-term positions at ECB. In addition, Bonds Payable decreased by \$11,000 as the balance of this loan continues to be paid down. Other Noncurrent Liabilities were virtually unchanged in FY 2020.

Deferred Outflows decreased by 3 percent in FY 2020 and increased by 63 percent in FY 2019 because of changes in the calculated Pension Liability and payments ECB makes to the Wisconsin Retirement System (WRS) for employee pensions. These amounts represent ECB's share of the overall WRS balances, and are determined by actuaries hired by ETF. Changes in actuarial assumptions made in 2018 caused large increases in the Net Pension Liability and Deferred Outflows in FY 2019, whereas no significant assumption changes were made during FY 2020, resulting in the relatively small change to Deferred Outflows in FY 2020. The changes did not affect Deferred Inflows as heavily in FY 2019, which resulted in a small increase of 5 percent for Deferred Inflows. The changes did, however affect the Deferred Inflows balances in FY 2020, which saw a 51 percent increase over the prior year. These balances are related to actuarial assumptions, WRS payments and market conditions each year. ECB anticipates that these amounts will continue to vary year-to-year. Restricted Net Position related to WRS Pension Balance was \$550,000 in FY 2020 because ECB reported a Net Pension Asset for the year. In contrast, Restricted Net Position related to WRS Pension Balance was \$0 in FY 2019 because ECB reported a Net Pension Liability for the year. Each year, the Restricted Net Position related to WRS Pension Balance is equal to the Net Pension Asset.

Operating Revenues increased 7 percent in FY 2020 and 4 percent in FY 2019 because of increased Contributed Support, Major Gifts and Corporation for Public Broadcasting (CPB) Grants in both years. In particular, Contributed Support increased by \$650,000 and \$350,000 in FY 2020 and 2019, respectively and Major Gifts increased by \$380,000 and \$250,000 in FY 2020 and 2019, respectively. ECB received an additional one-time \$350,000 from CPB during FY 2020 from coronavirus relief funding.

Operating Expenses increased by 4 percent or \$920,000 in FY 2020 primarily because of an \$870,000 increase in Programming and Production Expenses. Of that, \$185,000 related to increases in national programming costs; \$334,000 related to increases in local programming costs, and \$390,000 related to increase in Programming and Production costs incurred by ECB's component units. The remaining \$50,000 was related to small increases in other expense categories. In FY 2019, Operating Expenses increased by 6 percent or \$1.5 million primarily because of an increase in Fundraising Expenses of just over \$1 million. ECB supported a greater percentage of fundraising costs at our partner organizations in FY 2020, causing the increase. In addition, Broadcasting Expenses increased by approximately \$500,000 during FY 2019 because ECB shifted its focus to maintenance and repair of existing assets after the completion of the repack project. Because fewer assets were capitalized, more payments were expensed, resulting in increased Broadcasting Expenses.

WISCONSIN EDUCATIONAL COMMUNICATIONS BOARD

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

As of and For the Years Ended June 30, 2020 and 2019

Nonoperating Revenues consist of investment earnings and losses, both realized and unrealized, gains or losses on disposal of assets, and financial support from the State of Wisconsin General Fund (GPR revenue). In FY 2020, Nonoperating Revenues and Expenses decreased by 11 percent or \$815,000. Of this \$460,000 was related to a decrease in GPR revenue for utilities and debt service. \$340,000 was a decrease in Investment Income from the prior year. In addition, Loss on Disposal of Capital Assets increased and Capital Debt Interest Expense decreased, causing a net decrease to Nonoperating Revenues and Expenses of \$60,000. These decreases were offset by Insurance Proceeds of \$11,000 and revenue from the coronavirus relief package of \$32,000. In FY 2019, Nonoperating Revenues and Expenses increased by 15 percent or \$960,000. \$300,000 was attributable to increased GPR Revenue, which was used to pay down existing debt held by the State on ECB's behalf. Investment Income also increased by \$400,000 in FY 2019 because WPBF's investments increased by about \$5 million, therefore earning more returns. In addition, the Loss on Disposal of Capital Assets decreased by about \$260,000, which had a positive effect on the Nonoperating Revenues and Expenses.

In FY 2020, Capital Contributions increased 25 percent or \$325,000. ECB had 30 open capital projects during FY 2020 compared to 23 in FY 2019. In particular, three FY 2020 projects were higher dollar projects relating to new generators at two transmitter sites and replacing interconnect equipment across the state. Capital Contributions decreased 40 percent or about \$800,000 in FY 2019 because of the completion of the Repack Project. In FY 2019, ECB received \$500,000 in capital contributions related to Repack, as compared to \$1.5 million in capital contributions related to Repack from the year prior.

The net results of all operations for the year are summarized in the line titled Changes in Net Position.

This financial report is designed to provide a general overview of ECB's finances. WISCONSIN EDUCATIONAL COMMUNICATIONS BOARD

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2020 and 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The Wisconsin Educational Communications Board (ECB) is an agency of the State of Wisconsin that delivers educational, noncommercial and public safety media to the citizens of Wisconsin. ECB operates a statewide public television network, consisting of 5 digital stations and 6 TV translators, each with 4 programming streams. ECB also operates a statewide public radio network with three programming streams (WERN-FM and its affiliated Music Network stations, WHAD-FM and its affiliated Ideas Network stations, and a network of 24 hours per day classical music HD radio stations) consisting of 17 FM stations, 1 AM station, and 4 FM translators. 11 of the FM sites are currently broadcasting a digital radio signal in addition to analog. Additionally, ECB operates a network of 28 National Weather Service broadcast sites, and holds multiple Educational Broadband Service licenses.

The Wisconsin Public Broadcasting Foundation, Inc. (WPBF) is a statutorily defined not-for-profit corporation (s. 39.12, Wis. Stats.) wholly owned by ECB that solicits funds in the name of, and with the express approval of ECB and provides financial support to ECB. WPBF is managed by a statutorily defined five-member board of trustees consisting of the Executive Director of ECB and four members of the ECB Board. Because the State has fiscal accountability for and can influence WPBF operations through legislation, WPBF is considered a blended component unit of the State of Wisconsin. WPBF's financial statements are presented as a separate fund in ECB's financial statements.

ECB's allocated shares of the assets, liabilities, deferred inflows, revenues, and expenses of the Friends of PBS Wisconsin, Inc. (Friends) and the Wisconsin Public Radio Association, Inc. (WPRA) are included in the WPBF fund. Friends is a not-for-profit corporation that receives contributed funds for PBS Wisconsin and provides support to the ECB television network and to WHA-TV, a University of Wisconsin (UW) Board of Regents licensed station. WPRA is a not-for-profit corporation that receives contributed funds for Wisconsin Public Radio and provides support to the ECB radio networks and to UW Board of Regents licensed radio stations affiliated with Wisconsin Public Radio. See Note III.C for further information regarding Friends and WPRA.

B. BASIS OF PRESENTATION

The accompanying financial statements have been prepared in accordance with accounting principles general accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). GASB allows governmental entities that previously used the American Institute of Certified Public Accountants not-for-profit model to use enterprise fund accounting and financial reporting. Enterprise fund financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Under accrual accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Significant inter-organization accounts and transactions have been eliminated.

Revenues from government-mandated or voluntary nonexchange transactions, such as contributions and grants, are recognized when all applicable eligibility requirements are met. Eligibility requirements are established by the provider of the funds and may stipulate the qualifying characteristics of recipients, time requirements, allowable costs, and other contingencies. Restrictions that specify the purpose for which resources are required to be used are not considered eligibility requirements and do not affect when a nonexchange revenue is recognized.

WISCONSIN EDUCATIONAL COMMUNICATIONS BOARD

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2020 and 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. BASIS OF PRESENTATION (cont.)

Contributions, gifts, and grants that do not have eligibility requirements are reported as revenue when ECB is entitled to the funds. Revenue is recognized for pledged Friends or WPRA contributions that are expected to be collected within one year at their net realizable value. Contributions expected to be collected in subsequent years are recorded at the present value of their net realizable value using risk-free interest rates applicable to the years in which the contributions are to be received. Contributions, gifts, and grants with eligibility requirements, such as expenditure-driven grants, are recognized when the eligibility requirements are met. Noncash contributions and donated services are recognized as revenues in the period of receipt. Noncash expenses are shown in the functional categories of operating expenses in the Statements of Revenues, Expenses, and Changes in Net Position.

Operating revenues and expenses are directly related to programming, production, development, and delivery of noncommercial telecommunications services. Nonoperating revenues and expenses, such as investment income, are indirectly associated with programming, production, development, and delivery of noncommercial telecommunications services.

Certain significant revenue streams, such as State of Wisconsin General Fund revenue, are reported as nonoperating revenue, as defined by GASB Statement Number 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*. This reporting model results in operating deficits on the Statement of Revenues, Expenses, and Changes in Net Position.

Expenses are categorized in functional categories. Expenses that relate to more than one category are allocated to their respective categories, using estimates if necessary. When an expense is incurred for purposes in which both restricted and unrestricted net position is available, restricted resources are applied first.

C. ACCOUNTING ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

1. CASH AND CASH EQUIVALENTS

Cash balances in ECB's operating fund are deposited with the State and invested in the State Investment Fund, a short-term investment pool of state and local funds managed by the State of Wisconsin Investment Board, with oversight by its Board of Trustees and in accordance with Wisconsin Statutes (Wis. Stats). The State Investment Fund is not registered with the Securities and Exchange Commission.

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2020 and 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (cont.)

1. CASH AND CASH EQUIVALENTS (cont.)

The types of securities in which the State Investment Fund may invest are enumerated in ss. 25.17(3)(b), (ba), (bd), and (dg), Wis. Stats., and include: direct obligations of the United States and of agencies of and corporations wholly owned by the United States, and direct obligations of federal land banks, federal home loan banks, central bank for cooperatives and banks for cooperatives or unincorporated cooperative associations, international bank for reconstruction and development, the international finance corporation, inter-American development bank, African development bank and Asian development bank, in each case maturing within one year or less from the date of investment; commercial paper maturing within one year or less from the date of investment and rated prime by the national credit office, if the issuing corporation has one or more long-term senior debt issues outstanding, each of which has one of the 3 highest ratings issued by Moody's investors service or Standard & Poor's corporation; certificates of deposit maturing within one year or less from the date of investment, issued by banks, credit unions, savings banks or savings and loan associations located in the United States and having capital and surplus of at least \$50,000,000. The Investment Board's trustees may specifically approve other prudent investments.

WPBF manages its cash and investment activities separate from the cash and investment activities of the State Investment Fund. WPBF cash balances are held in demand deposit accounts at one financial institution. WPBF investments include publicly traded stocks, equity mutual funds, fixed-income mutual funds, and money market holdings and are managed by private trust companies. Friends cash balances are held in deposit accounts and certificates of deposit at multiple financial institutions. Friends investments include money market accounts, equity mutual funds and fixed-income mutual funds. WPRA cash balances include deposits, certificates of deposit, and money market accounts at one financial institution. WPRA investments include money market accounts, certificates of deposit, equity mutual funds and fixed-income mutual funds.

2. VALUATION OF INVESTMENTS

Investments, including State Investment Fund shares, are carried at fair value based on methods and inputs as outlined below and in Note II.A.

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the WPBF has the ability to access.

WISCONSIN EDUCATIONAL COMMUNICATIONS BOARD

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2020 and 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (cont.)

2. VALUATION OF INVESTMENTS (cont.)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Common Stocks, corporate bonds, and U.S. government securities - Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds - Valued at the net asset value (NAV) of shares held by the WPBF at year-end.

Money market accounts and certificates of deposit – Valued at \$1 cost.

Beneficial Interest in Trust – Valued at quoted market prices of trust investments as reported by the trustee. Friends and WPRA are a combined 60 percent beneficiary of a trust and related underlying investments to be distributed upon the passing of the current income beneficiary. The beneficial interest in the trust is valued at present value using estimated inputs to calculate fair value of the Friends and WPRA proportional share of the underlying investments as reported by the trustee. This beneficial interest is considered a Level 3 measurement.

Purchases and sales of investments are recorded on a trade-date basis. Donated investments are valued as of the donation date. Interest income is recorded on the accrual basis. Realized gains and losses and unrealized appreciation and depreciation of assets are reported in the statement of Revenues, Expenses, and Changes in Net Position.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the WPBF believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Note II.A. for further information.

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2020 and 2019

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (cont.)

3. RECEIVABLES

Receivables primarily represent amounts due from various governmental departments and organizations for services performed by ECB. The ECB considers receivables to be fully collectible. Accordingly, no allowance for doubtful receivable is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

4. PREPAID AND INVENTORY ITEMS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses. Prepaid items are recorded using the consumption method of accounting. Inventory is valued at cost using the first-in/first-out (FIFO) method. Costs are recorded as expenditures at the time individual inventory items are consumed.

5. CAPITAL ASSETS

Buildings and improvements, equipment, and land classified as permanent property are recorded at cost or, for donated property, at the estimated acquisition value at the date of donation. Assets are capitalized if their acquisition value is in excess of \$5,000. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, ranging from 6 years for computer equipment to 20 years for buildings and towers. Land is not depreciated. Expenses for repairs and maintenance are charged to operating expenses as incurred.

6. INTANGIBLE ASSETS

Intangible assets include costs incurred for program rights and software. As program rights expire and the rights are amortized, the costs incurred will be expensed and included in operating expenses. Software is amortized over the life of the associated equipment. ECB's rights to use two apertures on a tower operated by another state agency are also included in intangible assets and will be amortized over the life of the tower.

7. COMPENSATED ABSENCES

Unused earned compensated absences, other than accumulated sick leave, are accrued with a resulting liability. The liability and the expense for compensated absences are based on current rates of pay. The related employer's share of social security taxes, Medicare taxes, and contributions to the Wisconsin Retirement System is also accrued with a resulting liability. The compensated absences liability is classified as either a current or a noncurrent liability based upon an estimate determined by management. The noncurrent liability portion of the compensated absences liability generally is not paid out until the employee's retirement.

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (cont.)

8. LONG-TERM OBLIGATIONS

ECB has used proceeds received from a number of State of Wisconsin general obligation bonds and general obligation commercial paper notes to finance the acquisition, construction, development, enlargement, or improvement of capital assets. The proceeds are included as capital contributions in the year the assets are purchased.

The general obligation bonds repaid by the State's general purpose revenue are not considered debt of ECB because their repayment is from general purpose revenue. Therefore, the debt financed through general purpose revenue appropriations is reported in the State of Wisconsin's Comprehensive Annual Financial Report (CAFR) rather than ECB's financial statements.

In addition to general obligations financed by general purpose revenue, two general obligation bond issues are financed through program revenues, as mandated by s. 20.225(1)(i), Wis. Stats. Because the repayment of this indebtedness is financed through ECB's program revenues, it represents debt of ECB and, accordingly, is presented as a liability in the financial statements.

The principal payments are recorded as reductions of the current bonds payable, while the interest payments are included in the nonoperating expenses on the Statements of Revenues, Expenses, and Changes in Net Position.

9. ENDOWMENTS

WPBF, WPRA, and Friends have received endowment gifts that require the preservation of the fair value of the original gifts as of the gift date. WPBF's share of the gifts is shown as restricted nonexpendable net position to comply with provisions of the Uniform Prudent Management of Institutional Funds Act (UPMIFA). Management of WPBF has interpreted UPMIFA as requiring the preservation of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. All earnings on the principal amount can be used for general operations. WPBF does not have a formalized spending policy.

QUASI-ENDOWMENT

The management of WPBF established an endowment for the ECB television network during fiscal year 1993 and an endowment for the ECB radio networks during fiscal year 2005 to support the operations of the television and radio networks, as determined necessary by ECB staff, with oversight by the WPBF board.

These balances are included in the investments and cash and cash equivalents accounts on the Statements of Net Position. Assets in the endowments follow the investment policies disclosed in Note I.D.2.

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (cont.)

10. CAPITAL CONTRIBUTIONS

ECB's capital contributions can come from various sources, including:

State of Wisconsin Capital Improvement Fund Appropriation - The amounts provided from the State of Wisconsin Capital Improvement Fund to finance ECB projects approved by the State Building Commission are recorded as revenue in the period disbursements are made.

Grants - Grant funds received from the Corporation for Public Broadcasting and the Public Broadcasting Service are recorded as support when received.

Payments from the Federal Communications Commission (FCC) – The amounts provided to cover costs related to the FCC mandated spectrum auction and subsequent TV channel repack.

11. CONTRIBUTION IN-KIND SUPPORT

Contributed in-kind support primarily includes donated general operational services. In-kind support is reported both as revenues and as expenses and, therefore, has no effect on net position. All donated materials and services are recorded at the fee typically charged by the donor for the same type of service.

In addition, ECB trades tower space with other state and local government entities at no cost depending on space availability and technological considerations. ECB does not recognize contributed in-kind support for the use of the tower space because the value is not easily measurable.

12. PENSIONS

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. See Note III.A.

13. NET POSITION

GASB has issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* (GASB 63). GASB 63 establishes standards for reporting deferred outflows and inflows of resources and net position. Under GASB 63, ECB classifies net position in the financial statements as follows:

- > Net Investment in Capital Assets – includes ECB's capital assets (net of accumulated depreciation) reduced by the outstanding balances of any borrowings attributable to the acquisition, construction or improvement of those assets.

WISCONSIN EDUCATIONAL COMMUNICATIONS BOARD

NOTE I – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

D. ASSETS, LIABILITIES, NET POSITION, DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES (cont.)

13. NET POSITION (cont.)

- > Restricted Net Position – includes those assets that have limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- > Unrestricted Net Position – includes unrestricted liquid assets.

ECB applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

14. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets and liabilities, the Statement of Net Position will sometimes report a separate section for deferred outflows and inflows. The separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and thus, will not be recognized as an outflow of resources (expenses) until then. ECB reports deferred outflows, and inflows of resources related to the net position liability (asset). More detailed information can be found in Note III.A. ECB also reports deferred inflows of resources from a beneficial interest in trust related to an irrevocable split-interest agreement.

NOTE II – DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

As of June 30, 2020 and June 30, 2019, ECB's deposits were \$7,596,985 and \$10,067,344, respectively.

Fair value of ECB's investment balances as of June 30, 2020 were as follows:

Totals	\$ 25,278,084	\$ 24,898,007	\$ -	\$ 380,077

ECB's shares of the State Investment Fund were \$1,099,975 as of June 30, 2020 and \$608,414 (restated from prior year) as of June 30, 2019 and are reported as cash and equivalents on the Statement of Net Position, but are subject to the investment risk note disclosures.

ECB's deposits and investments are exposed to various risks. Policies regarding these risks are described below. ECB's deposits and investments referred to below include State Investment Fund shares reflected in the ECB Operating Fund's cash and cash equivalents balance, investments held by WPBF, and WPBF's allocated share of deposits and investments held by Friends and WPRA.

Custodial Credit Risk - Custodial credit risk for deposits is the risk that in the event of the failure of a financial institution, deposits may not be returned. As of June 30, 2020, \$6,399,614 of ECB's bank balance of \$7,632,796 and, as of June 30, 2019, \$8,568,987 of ECB's bank balance of \$10,100,575, were not covered by the Federal Deposit Insurance Corporation (FDIC) and were exposed to custodial credit risk. WPBF and Friends do not have a policy specifically for custodial credit risk. WPRA's investment guidelines require that its deposits not exceed the FDIC covered limit in bank accounts or certificates of deposits of any single issuer.

Investments – For an investment, custodial credit risk is the risk that, in the event of the failure of the Counterparty or agent, ECB will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2020, \$5,532,902 of ECB's investments of \$30,093,238 were held by a counterparty and not in ECB's name, and therefore were exposed to custodial credit risk. As of June 30, 2019, \$5,321,971 of ECB's investments of \$25,278,084 were held by a counterparty and not in ECB's name, and therefore were exposed to custodial credit risk.

Credit Risk - Credit risk is the risk that an issuer or other counterparty to a fixed-income investment will not fulfill its obligations. WPBF's investment guidelines prohibit security transactions that involve a counterparty rated below A by a nationally recognized statistical rating organization. WPRA's investment guidelines require an average of at least an AA by Moody's or at least an AA by Standard & Poor's. Friends' investment policy requires that investments have a minimum quality rating of investment grade. The State Investment Fund's investment guidelines establish specific maximum exposure limits by security types based on the minimum credit ratings as issued by nationally recognized statistical rating organizations. As of June 30, 2020 and 2019, all of WPBF, WPRA, and Friends fixed-income mutual funds and the State Investment Fund were all unrated.

NOTES TO FINANCIAL STATEMENTS As of and for the Years Ended June 30, 2020 and 2019

NOTE II – DETAILED NOTES ON ALL FUNDS (cont.)

A. DEPOSITS AND INVESTMENTS (cont.)

Interest Rate Risk - Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. WPBF's investment guidelines require that fixed-income investments maintain a weighted average maturity of less than ten years. WPRA's investment guidelines require that the fixed-income investments contain a duration within 20 percent of the effective duration of the benchmark index under normal conditions. Friends does not have an investment policy specifically for interest rate risk.

As of June 30, 2020, ECB's investments had the following average maturities:

Investment Type	Fair Value	Average Maturity (in Years)		
		Less Than 3	3-5	5-10
Fixed income investments	\$ 12,248,110	\$ 6,309,986	\$ 837,938	\$ 5,100,186

As of June 30, 2019, ECB's investments had the following average maturities:

Investment Type	Fair Value	Average Maturity (in Years)		
		Less Than 3	3-5	5-10
Fixed income investments	\$ 9,409,243	\$ 3,949,072	\$ 860,366	\$ 4,599,805

The State Investment Fund investment guidelines mandate that the weighted average maturity for the entire portfolio not exceed one year.

Foreign Currency Risk - Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. ECB had exposure to foreign currency risk in its investments in international equity securities and mutual funds and in international fixed-income mutual funds, totaling \$3,356,163 and \$3,591,940 as of June 30, 2020 and 2019, respectively. WPBF's investment guidelines require that international equity mutual funds held by WPBF will not constitute more than 20 percent of the equity portion of the investment portfolio. WPRA's investment guidelines require that international equity investments held by WPRA will not constitute more than 20 percent of the equity portion of the investment portfolio. Friends does not have an investment policy specifically for foreign currency risk.

Federal grant funds received from the National Telecommunications and Information Administration (NTIA) to purchase equipment contain a priority lien. The lien extends for a period of ten years after the grant is closed, during which time the federal government retains priority reversionary interest in the equipment. ECB was awarded two NTIA capital equipment grants between fiscal year 2011 and fiscal year 2013. The book value of equipment purchased with NTIA funds is \$219,308 and \$411,600 as of June 30, 2020 and 2019, respectively.

C. LONG-TERM OBLIGATIONS

The indebtedness carried by the State of Wisconsin on behalf of ECB to be repaid by general purpose revenue as of June 30, 2020 and June 30, 2019 is \$11,015,695 and \$13,456,830, respectively, in general obligation bonds, which includes general obligation refunding bonds, and \$942,640 and \$942,631, respectively, in commercial paper notes. ECB reports interest expense related to these obligations in nonoperating expenses on the Statements of Revenues, Expenses, and Changes in Net Position as it is incurred. Total interest expense of \$567,134 and \$715,669 and the associated capital support received from the State is included in nonoperating section of the Statements of Revenues, Expenses, and Changes in Net Position.

The amounts provided through program revenue for indebtedness during fiscal years 2020 and 2019 are \$12,379 and \$13,600, respectively, which consisted of principal payments of \$11,786 and \$12,385, respectively, and interest payments of \$593 and \$1,215, respectively. As of June 30, 2020, debt service requirements for principal and interest in future years for program revenue-funded bonds total \$854 which is due in 2021 and includes principal of \$819 and interest of \$35.

Long-term obligation activity for the year ended June 30, 2020 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Compensated absences	\$ 281,797	\$ 44,863	\$ (32,910)	\$ 293,750

C. LONG-TERM OBLIGATIONS (cont.)

The long-term obligation activity from compensated absences is generally funded with operating subsidies received from the State of Wisconsin, whereas the bonds payable are funded with program revenue. Compensated absences and bonds payable expected to be paid within one year are reflected in the current liabilities on the Statements of Net Position.

D. LEASES

GREEN BAY TOWER LEASE

In December of 2017, the Department of Administration entered into two lease agreements on behalf of ECB with Gray Television Group, Inc. These leases require monthly payments and an annual payment in lieu of taxes of the lesser of 50 percent of the annual property tax assessment or a payment of \$15,000 compounded by a scheduled escalator each lease year of 3 percent.

The following is a schedule of the compounded payments in lieu of taxes under this lease as of June 30, 2020:

<u>Fiscal Year Ended June 30</u>	<u>Total</u>
2021	\$ 16,391
2022	<u>16,883</u>
Total	<u>\$ 33,274</u>

OPERATING LEASES

The Department of Administration enters into several operating leases on behalf of ECB. ECB makes the payments on these leases directly to the lessors. During fiscal years 2020 and 2019, ECB paid \$521,040 and \$497,144, respectively, in rent payments for building and tower space, which is included in operating expenses on the Statements of Revenues, Expenses, and Changes in Net Position.

OPERATING LEASES AS LESSOR

During fiscal year 2011, ECB entered into a 30-year lease agreement to lease out excess capacity on Educational Broadband Service (EBS) licenses it holds, and during fiscal year 2013, ECB entered into a second 30-year lease agreement to lease out additional excess EBS capacity. The lease agreements require monthly lease payments to increase 3 percent annually over the term of the lease. Monthly lease payments recognized during fiscal years 2020 and 2019 were \$558,035 and \$541,784, respectively, which are included in operating revenues on the Statements of Revenues, Expenses, and Changes in Net Position.

F. TRANSFERS

WPBF transfers funds monthly to ECB's operating fund based upon funding requirements. The transfers are reflected as interfund transfers on the Statements of Revenues, Expenses, and Changes in Net Position and totaled \$11,032,500 and \$8,817,792 for the years ended June 30, 2020 and 2019, respectively. The timing of those transfers and the expenses may result in an interfund payable and a receivable at year-end, which are reflected on the Statements of Net Position.

A. EMPLOYEES' RETIREMENT SYSTEM

Plan Description. The Wisconsin Retirement System (WRS) is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wis. Stats. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

Vesting. For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998 and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits Provided. Employees who retire at or after age 65 (54 for protective occupations, 62 for elected officials and executive service plan participants, if hired on or before December 31, 2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

WRS also provides death and disability benefits for employees.

A. EMPLOYEES' RETIREMENT SYSTEM (cont.)

Postretirement Adjustments. The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement.

The Core and Variable annuity adjustments granted during recent years are as follows:

Years	Core Fund Adjustment	Variable Fund Adjustment
2009	(2.1)%	(42)%
2010	(1.3)	22
2011	(1.2)	11
2012	(7.0)	(7)

Contributions. Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wis. Stats. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$189,984 in contributions from the employer.

Contribution rates for the plan year reported as of June 30, 2020 are:

Employee Category	Employee	Employer
General (including executives and elected officials)	6.55%	6.55%

During the reporting period ending June 30, 2019, the WRS recognized \$173,694 in contributions from the employer.

Contribution rates for the plan year reported as of June 30, 2019 are:

Employee Category	Employee	Employer
General (including executives and elected officials)	6.7%	6.7%

Pension Liabilities (Asset), Pension Expense and Deferred Outflows/Inflows of Resources. At June 30, 2020 and 2019, ECB reported a liability (asset) of \$(553,656) and \$605,453, respectively for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2018 rolled forward to December 31, 2019. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. ECB's proportion of the net pension liability (asset) was based on its share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2019, the proportion was 0.01717054%, which was an increase of 0.00015236% from its proportion measured as of December 31, 2018. At December 31, 2018, the proportion was 0.01701818%, which was a decrease of 0.00126814% from its proportion measured as of December 31, 2017.

For the years ended June 30, 2020 and 2019, ECB recognized pension expense of \$192,737 and \$425,286, respectively.

Actuarial Assumptions. The total pension liability in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2018
Measurement Date of Net Pension Liability	December 31, 2019
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	7.0%
Discount Rate:	7.0%
Salary Increases:	
Inflation	3.0%
Seniority/Merit	0.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table
Postretirement Adjustments*	1.9%

* No postretirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience, and other factors. 1.9% is the assumed annual adjustment based on the investment return assumption and the postretirement discount rate.

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. Based on this experience study, actuarial assumptions used to measure the Total Pension Liability changed from prior year, including the discount rate, long-term expected rate of return, post-retirement adjustment, wage inflation rate, mortality and separation rates. The total pension liability for December 31, 2019 is based upon a roll-forward of the liability calculated from the December 31, 2018 actuarial valuation.

Long-Term Expected Return on Plan Assets. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Core Fund Asset Class</u>	Current Asset Allocation %	Long-Term Expected Nominal Rate of Return %	Long-Term Expected Real Rate of Return %
Global Equities	49%	8.0%	5.1%
Fixed Income	24.5	4.9	2.1
Inflation Sensitive Assets	15.5	4.0	1.2
Real Estate	9	6.3	3.5
Private Equity/Debt	8	10.6	7.6
Multi-Asset	4	6.9	4.0
Total Core Fund	110	7.5	4.6
 <u>Variable Fund Asset Class</u>			
U.S. Equities	70	7.5	4.6
International Equities	30	8.2	5.3
Total Variable Fund	100	7.8	4.9

New England Pension Consultants Long Term US CPI (Inflation) Forecast: 2.75%. Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations.

Single Discount Rate. A single discount rate of 7.00% was used to measure the total pension liability. This single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 2.75%. (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2019. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities.). Because of the unique structure of WRS, the 7.00% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

B. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

In accordance with the provisions established by GASB, state and local government employers are required to display in financial reports other postemployment benefits (OPEB) expenses and related liabilities; note disclosures; and if applicable, required supplementary information.

ECB employees are included in the State of Wisconsin's Health Insurance Program, a cost-sharing, multiple-employer, defined benefit plan not held in a trust. The plan is an employer-sponsored program offering group medical coverage to eligible employees and retirees of the State, created under Chapter 40 of Wisconsin Statutes. The Department of Employee Trust Funds and the Group Insurance Board have program administration and oversight responsibilities under ss. 15.165(2) and 40.03(6) of Wisconsin Statutes. Under this plan, retired employees of the State contribute the same healthcare premium as active employees, creating an implicit rate subsidy for retirees. This implicit rate subsidy, which is calculated to cover pre-age 65 retirees (since at age 65 retirees are required to enroll in Medicare, when eligible), is treated as an OPEB.

The financial statements of ECB do not include OPEB expenses or the related liabilities other than those actually paid, which are allocated to various functional expenses on the statements of revenues, expenses and changes in net position, because the OPEB has been determined by management to be the responsibility of the State of Wisconsin and not ECB.

C. RELATED ENTITIES

WHA TELEVISION AND WISCONSIN PUBLIC RADIO—UNIVERSITY OF WISCONSIN BOARD OF REGENTS STATIONS

WHA Television, WHA Radio, and some other Wisconsin Public Radio stations are public telecommunications entities licensed by the Federal Communications Commission to the University of Wisconsin Board of Regents stations (UW Board of Regents) and operated by UW-Madison. In order to achieve statewide services and economies of scale, in the mid-1980s ECB and the UW Board of Regents developed partnerships called PBS Wisconsin (formerly Wisconsin Public Television) and Wisconsin Public Radio to manage and operate their licenses. The partnerships are maintained through affiliation agreements outlining structural principles and functions, administrative staff allocations, stations (of both Wisconsin Public Radio and PBS Wisconsin), and financial commitments of the partners. The directors of PBS Wisconsin and Wisconsin Public Radio are jointly appointed by ECB and the UW Board of Regents. Staff and resources from both agencies work together to provide administrative and program services. Amounts due to or from affiliated parties are separately disclosed on the Statements of Net Position. The relationship pervades all aspects of the financial activities reported in the accompanying financial statements.

FRIENDS OF PBS WISCONSIN, INC.

Friends of PBS Wisconsin is the result of the July 1, 2009, the Friends of WHA-TV, Inc. reorganization. At that time, Friends of WHA-TV changed its name to Friends of Wisconsin Public Television, Inc., and assumed responsibility for the fund-raising efforts of both the former Friends of WHA-TV and the WPBF to support Wisconsin Public Television. During 2020, Wisconsin Public Television and Friends of Wisconsin Public Television changed their names to PBS Wisconsin and Friends of PBS Wisconsin respectively. The Friends solicits funds in the name of and with the approval of the licensees, ECB and the UW Board of Regents. Under the affiliation agreement, ECB and UW staff, along with the Friends Board of Directors, approve the Friends' budget.

The licensees have access to the Friends' net resources and retain an ongoing, legal allocated interest in the Friends' net position. ECB's and the UW Board of Regents' allocated interests in the Friends are calculated in accordance with an affiliation agreement, which is renegotiated annually. The agreement generally provides each party with a 50 percent interest, although not all activity is allocated based on this interest. The Friends issues separate financial statements, which are audited by other auditors. Copies of the Friends' separately issued financial statements may be obtained by contacting the Financial Manager of the Friends of PBS Wisconsin, Inc. at 821 University Avenue, Madison, WI 53706.

WISCONSIN PUBLIC RADIO ASSOCIATION, INC.

WPRA is a publicly supported, not-for-profit corporation whose purpose is to administer various fund-raising and membership duties of Wisconsin Public Radio and to provide support to the ECB radio networks and radio stations licensed to the UW Board of Regents affiliated with Wisconsin Public Radio. WPRA solicits funds in the name of and with the approval of the licensees, ECB and the UW Board of Regents. Under the affiliation agreement, ECB and UW staff, along with the WPRA Board of Directors, approve the WPRA's budget. The licensees have access to the WPRA's net resources and retain an ongoing, legal allocated interest in the WPRA's net position. ECB's and the UW Board of Regents' allocated interests in WPRA are calculated in accordance with an affiliation agreement which currently provides ECB with 76 percent of WPRA net resources and the UW Board of Regents with 24 percent. This agreement is renegotiated annually. WPRA issues separate financial statements, which are audited by other auditors. Copies of WPRA's separately issued financial statements may be obtained by contacting the Financial Manager of the Wisconsin Public Radio Association, Inc., at 821 University Avenue, Madison, WI 53706.

ECB includes in the WPBF fund its allocated share of the Friends' and the WPRA's assets, liabilities, deferred inflows of resources, revenues, and expenses. The following provides a summary of amounts for WPBF and its related shares of the Friends and WPRA.

RIB MOUNTAIN COMMUNICATIONS

ECB entered into a joint ownership agreement on November 1, 2001, to erect, operate, and maintain a broadcast tower in Wausau, Wisconsin. The agreement is between ECB, WRIG, Inc., QMI, and Gray MidAmerica Television, Inc. The shares of ownership are 33 percent, 23 percent, 20 percent, and 24 percent, respectively. Each party contributes a share of the operating costs on an annual basis. An annual budget is prepared for the joint ownership to determine respective amounts of maintenance due from each party. ECB's share of activity for the joint ownership is incorporated into its financial statements.

E. WERN, WHAD, AND WISCONSIN TELEVISION NETWORK ALLOCATION

ECB has three networks that qualify for Community Service Grant assistance from the Corporation for Public Broadcasting, including WERN-FM and its affiliated Music Network stations, WHAD-FM and affiliated Ideas Network stations, and the Wisconsin Television Network stations. The stations are licensed to ECB, and the stations' financial activities are included as part of ECB's financial statements. The following tables summarize the portions of the Statements of Revenues, Expenses, and Changes in Net Position attributable to each network for fiscal years 2020 and 2019. Direct revenues and expenses are allocated based on actual amounts. The remaining revenues and expenses are allocated to the networks based on reasonable estimates.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION For the Year Ended June 30, 2020 and 2019

WISCONSIN RETIREMENT SYSTEM (WRS) PENSION

The amounts presented in relation to the schedule of employer's proportionate share of the net pension (asset)/liability and the schedule of employer contributions represents the specific data of ECB. The information was derived using a combination of the employer's contribution data along with data provided by the Wisconsin Retirement System in relation to ECB as a whole.

ECB is required to present the last ten fiscal years data; however, the standards allow ECB to present as many years as are available until ten fiscal years are presented.

Changes of benefit terms. There were no changes of benefit terms for any participating employer in WRS.

Changes of assumptions. Actuarial assumptions are based upon an experience study conducted in 2018 using experience from 2015 – 2017. Based on the experience study conducted in 2018, actuarial assumptions used to develop Total Pension Liability changed, including the discount rate, long-term expected rate of return, post-retirement adjustment, wage inflation rate, mortality and separation rates.
