ECB will not charge for electronic records, but may charge the actual, necessary and direct costs of providing printed records. The standard fee is \$.25 per impression.

If a requested record is not in readily comprehensible format (e.g. obsolete computer file or database entry), ECB may assess the actual cost of creating a readily comprehensible copy.

## ***BOARD POLICY***

<b>SUBJECT</b>	Travel Policy for Board Members	<b>Number</b>	203
		<b>Effective Date</b>	07/14/17
		<b>Page</b>	1 of 5

---

### **1. Purpose.**

The Board of Directors of the Educational Communications Board (ECB) recognizes that Board members may be required to travel or incur other expenses from time to time to conduct ECB business and to further the mission of this nonprofit, state agency. The purpose of this Policy is to ensure that (a) adequate cost controls are in place, (b) travel and other expenditures are appropriate, and (c) to provide a uniform and consistent approach for the timely reimbursement of authorized expenses incurred by Board members. In accordance with Wisconsin's Division of Personnel Management (DPM), Board members are subject to all travel policies detailed in DPM's Compensation Plan. Subsequently, it is the policy of the Board to reimburse only reasonable and necessary expenses.

When incurring business expenses, Board members should:

- Exercise discretion and good business judgment with respect to those expenses.
- Be cost conscious and spend the ECB's money as carefully and judiciously as the individual would spend of his/her own funds.
- Report expenses, supported by required documentation, as they were actually spent.

### **2. Expense Report.**

Expenses will not be reimbursed unless the individual requesting reimbursement submits a written Travel Expense Report (TER). The TER, which shall be submitted at least monthly or within two weeks of the completion of travel if travel expense reimbursement is requested, must include:

- The individual's name and other identifying information
- If reimbursement for travel is requested, the date, origin, destination and purpose of the trip, including a description of each ECB-related activity during the trip.
- An itemized list of all expenses for which reimbursement is requested

### **3. Receipts.**

Original receipts are required for all expenditures billed directly to the ECB, such as airfare and hotel charges. No expense in excess of \$20.00 will be reimbursed to Board members unless the individual requesting reimbursement submits with the TER written receipts from each vendor (not a credit card receipt or statement) showing the vendor's name, a description of the services provided (if not otherwise obvious), the date, and the total expenses, including tips (if applicable).

#### 4. General Travel Requirements.

A. Advance Approval.

All trips, other than required attendance at Board meetings, involving air travel or a least one overnight stay must be approved in advance by the Executive Director.

B. Necessity of Travel.

In determining the reasonableness and necessity of travel expenses, the Executive Director or designee shall consider the ways in which the ECB will benefit from the travel and weigh those benefits against the anticipated costs of the travel. The same considerations shall be taken into account in deciding whether a particular individual's presence on a trip is necessary.

Pursuant to §. 16.53(12)(b), Wis. Stats., the Executive Director shall determine that the proposed travel is appropriate and necessary to the mission, responsibilities or duties of the ECB.

Pursuant to §. 16.53(1)(c)7., Wis. Stats., before Board members are permitted to attend out-of-state conferences, conventions, seminars, meetings or training courses, the Executive Director should ensure that a clear state interest is being served.

In determining whether the benefits to the ECB outweigh the costs, less expensive alternatives, such as participation by telephone or video conferencing, or the availability of local programs or training opportunities, shall be considered.

C. Personal and Spousal Travel.

Individuals traveling on behalf of the ECB may incorporate personal travel or business with their ECB-related trips; **however**, Board members shall not arrange ECB-related travel at a time that is less advantageous to the ECB or involving greater expense to the ECB in order to accommodate personal travel plans. Any additional expenses incurred as a result of personal travel, including but not limited to increase in airfare due to date(s) of travel, extra hotel nights, additional stopovers, meals or transportation, are the sole responsibility of the individual and will not be reimbursed by the ECB. Expenses associated with travel of an individual's spouse, family or friends, including additional cost associated with occupancy rates and ground transportation will not be reimbursed by the ECB.

#### 5. Air Travel.

A. General.

Air travel reservations should be made as far in advance as possible in order to take advantage of reduced fares. The ECB will reimburse or pay only the cost of the lowest coach class fare actually available for direct, non-stop flights from the airport nearest the individual's home or office to the airport nearest the destination.

B. Saturday Stays.

Board members traveling on behalf of the ECB are not required to stay over Saturday nights in order to reduce the price of the airline ticket. An individual who chooses to stay over a Saturday night shall not be reimbursed for lodging and meal expenses incurred over the weekend unless prior approval is received by the Executive Director and proper documentation indicating necessary attendance, such as a conference brochure or agenda, is produced.

C. Frequent Flyer Miles and Compensation for Denied Boarding.

Board members traveling on behalf of the ECB may NOT accept and retain frequent flyer miles or compensation such as free tickets for denied boarding for their personal use. Benefits from airline promotions, such as free tickets for frequent fliers, merchandise, etc., that accrue as a result of official ECB business belong to the State of Wisconsin.

**6. Lodging.**

Board members traveling on behalf of the ECB may be reimbursed at the single room rate for reasonable cost of hotel accommodations. Convenience, the cost of staying in the city in which the conference is located, and proximity to other venues on the individual's itinerary shall be considered in determining reasonableness. Board members shall make use of available government and discount rates for hotels. "Deluxe" or "luxury" hotel rates will not be reimbursed.

A. Maximum Lodging Rates.

The maximum permitted amount per day, excluding tax, for lodging for all in-state travel shall be reimbursable in accordance with the most current DPM Compensation Plan rate.

The in-state maximum reimbursement rate per night shall also apply to out-of-state travel, except lodging in higher cost cities as determined by DPM. For lodging maximums in higher cost cities, refer to the most recent issue of the DPM Bulletin titled *Maximum Reimbursement for Lodging in High-Cost Out-of-State Cities*.

B. Exceeding the Maximum Lodging Rates.

Any amount in excess of the schedule in § F.5.02 of the DPM Compensation Plan must be accompanied by a receipt and an explanation of the reasonableness of such expense. Except as provided in § F.5.01(2) of the Compensation Plan, maximums may be exceeded only when it is determined that unavoidable additional expenses would be incurred by trying to adhere to the specified maximums (e.g., high transportation costs incurred when staying at an economical hotel/motel at the edge of the city instead of staying downtown).

**7. Out-of-Town Meals.**

Board members traveling on behalf of the ECB are reimbursed for the reasonable and actual cost of meals (including tips) subject to the maximum meal allowance and the terms and conditions established by the DPM Compensation Plan.

**8. Ground Transportation.**

Board members are expected to use the most economical ground transportation appropriate under the circumstances and should generally use the following, in this order of desirability:

Courtesy Cars: Many hotels offer courtesy cars, which will take you to and from the airport at no charge. The hotel will generally have a well-marked courtesy phone at the airport if this service is available. Board members should take advantage of this free service whenever possible.

Airport Shuttle or Bus: Airport shuttles or buses generally travel to and from all major hotels for a small fee. At major airports such services are as quick as a taxi and considerably less expensive. Airport shuttle or bus services are generally located near the airport's baggage claim area. Pursuant to §. 20.916(9)(d)2., Wis. Stats. tips are reimbursable at a maximum rate of 15 percent of the charge.

Taxis: When courtesy cars and airport shuttles are not available, a taxi is often the most economical and convenient form of transportation when the trip is for a limited time and minimal mileage is involved. A taxi must also be the most economical mode of transportation between and individual's home and the airport. Pursuant to §. 20.916(9)(d)2., Wis. Stats. tips are reimbursable at a maximum rate of 15 percent of the charge.

Rental Cars: Car rentals are expensive so other forms of transportation should be considered when practical. Board members will be allowed to rent a car while out of town provided that advance approval has been given by the Executive Director and that the cost is less than alternative methods of transportation.

When a number of Board members are knowingly traveling to the same destination at the same time, it is their responsibility to arrange for pooled transportation where practicable.

## **9. Personal Cars.**

Board members are compensated for use of their personal cars when used for ECB business. When individuals use their personal car for such travel, including travel to and from the airport, mileage will be allowed in accordance with the current DPM Compensation Plan.

In the case of individuals using their personal cars to take a trip that would normally be made by air, e.g., Madison to Minneapolis, mileage will be allowed at the currently approved rate in accordance with the current DPM Compensation Plan; however, the total mileage reimbursement will not exceed the sum of the lowest available round trip coach airfare.

## **10. Registration Fees.**

An original paid receipt, a copy of the check or credit card purchase confirmation, or the attendee's customer copy of the credit card receipt must support claims for reimbursement fees over \$25.00. Additionally, documentation from the event's organizer stating date(s), location, scheduled meetings/workshops, purpose of the event and accommodations options will be required for reimbursement. Expenses of individuals not on official ECB business (spouse, family members, friend, etc.) that are included in the registration fees are not reimbursable.

## **11. Parking/Tolls.**

Parking and toll expenses, including charges for hotel parking, incurred by Board members traveling on ECB business will be reimbursed. Receipts for parking and toll expenses exceeding \$25.00 per day are required for reimbursement. The costs of parking tickets, fines, car washes, valet services, etc., are the responsibility of the individual and will not be reimbursed.

## 12. Other Expenditures.

During out-of-town travel, reasonable ECB-related telephone, Internet and fax charges due to absence of Board members at their place of business are reimbursable pursuant to § F.7.02 of the DPM Compensation Plan. In addition, reasonable and necessary gratuities that are not covered under meals may be reimbursed pursuant to § F.7.03 of the DPM Compensation Plan.

## 13. Non-Reimbursable Expenditures.

The ECB maintains a strict policy that expenses in any category that could be perceived as lavish or excessive will not be reimbursed, as such expenses are inappropriate for reimbursement by a nonprofit, government agency. Expenses that are not reimbursable\* include, but are not limited to:

- Travel insurance
- First class tickets or upgrades
- When lodging accommodations have been arranged by the ECB and the individual elects to stay elsewhere, reimbursement is made at the amount no higher than the rate negotiated by the ECB. Reimbursement shall not be made for transportation between alternate lodging and the meeting site.
- Luxury limousine travel
- Movies, liquor or mini-bar costs
- Membership dues at any country club, private club, athletic club, golf club, tennis club or similar recreational organization
- Spa or exercise charges
- Valet service
- Car washes
- Toiletry articles
- Expenses for spouses, friends or relatives. If a spouse, friend or relative accompanies Board member on a trip, it is the responsibility of the Board member to determine any added cost for double occupancy, transportation fares and related expenses, and to make appropriate adjustment in the reimbursement request.
- Additional/spin-off events such as retreats, workshops, social events, etc., sponsored by associated vendors/organizations of original event without prior approval of the Executive Director.

*\*The Wisconsin Attorney General offers this list of non-reimbursable expenses by way of example only, and in no way means to imply that categories of expenses not included on this list should automatically be eligible for reimbursement. This list is meant to be a guide to state agencies. Each agency should develop an expense reimbursement policy that is tailored to that agency's particular strategic objectives and budget.*

*For all other matters regarding travel by ECB Board members or for clarification of policies pursuant to Wisconsin Statutes, please refer to the DPM Compensation Plan and/or the Wisconsin Statutes and Administrative Code.*

		Page	1 of 1

---

ECB Public Broadcasting Services shall operate in regard to program funding standards and practices as free and independent broadcasting systems, committed to providing programming produced in accordance with the highest ethical, journalistic, and professional standards. In the operation of these telecommunication services, the Board is directed by such standards, by the regulations of the Federal Communications Commission, by relevant state statutes, and by the "Code of Editorial Integrity for Local Public Media Organizations," included in the ECB Policy Book (See Policy 305: Programming Philosophy).

To help assure the free and independent nature of the public radio and television services, the following additional standards and practices have been adopted to provide staff with policy direction in regard to program underwriting:

- Editorial control of the programs or series of the ECB Public Broadcasting Services by the funders or underwriters of such programs or series shall not be permitted. This policy shall be made known in negotiations with underwriting entities, and no exceptions shall be permitted.
- Every effort shall be made to avoid the appearance of such control or influence by funders or underwriters of programs or series. This practice shall be given special consideration in instances in which a close commercial association may exist, or appear to exist, between the interests, products or services of a corporation or other underwriting entity and the title, subject or potential subject of a program or series. In those cases in which it might reasonably be assumed by the audience that there may exist a commonality of commercial interests, products, or services on the part of the funding agency and the underwritten program or series, staff must be able to provide assurance that no influence or control on the part of the underwriter has, in fact, been exerted and that none shall be allowed. Further, prior to approval of the underwriting agreement in such instances, program and financial justification must be provided to the responsible administrators of Wisconsin Public Radio and PBS Wisconsin, as designated by the ECB and University of Wisconsin Madison management. Underwriting arrangements of this sort in regard to controversial issues are not to be encouraged.

Support organizations shall follow specified procedures for transmittal to the ECB of any fundraising proceeds obtained from ECB authorized activities.

It shall be a general principle that funds contributed by organizations shall be presented to the Wisconsin Public Broadcasting Foundation, Inc. for acceptance. Accepted funds shall be administered consistent with the designated purpose, if any. A portion of funds raised can be used by support organizations to cover their administrative costs, as long as the decision to disburse funds in this manner resides with the ECB.

## Guidelines for Local Policies

# Code of Editorial Integrity

UPDATED MAY 2019

*Public broadcasters have adopted shared principles to strengthen the trust and integrity that communities expect of valued public service institutions.*

Public media organizations contribute to a strong civil society and active community life, provide access to knowledge and culture, extend education, and offer varied viewpoints and sensibilities.

The freedom of public media professionals to make editorial decisions without undue influence is essential. It is rooted in America's commitment to free speech and a free press. It is reflected in the unique and critical media roles that federal, state, and local leaders have encouraged and respected across the years. It is affirmed by the courts.

Trust is equally fundamental. Public media organizations create and reinforce trust through rigorous, voluntary standards for the integrity of programming and services, fundraising, community interactions, and organizational governance.

These standards of integrity apply to all the content public media organizations produce and present, regardless of subject matter, including news, science, history, information, music, arts, and culture. These standards apply across all public media channels and platforms – broadcasting, online, social media, print, media devices, and in-person events.

Public media, individually and collectively:

- Contribute to communities' civic, educational, and cultural life by presenting a range of ideas and cultures and offering a robust forum for discussion and debate.
- Commit to accuracy and integrity in the pursuit of facts about events, issues, and important matters that affect communities and people's lives.
- Pursue fairness and responsiveness in content and services, with particular attention to reflecting diversity of demography, culture, and beliefs.
- Aim for transparency in news gathering, reporting, and other content creation and share the reasons for important editorial and programming choices.
- Protect the editorial process from the fact and appearance of undue influence, exercising care in seeking and accepting funds and setting careful boundaries between contributors and content creators.
- Encourage understanding of fundraising operations and practices, acknowledge program sponsors, and disclose content-related terms of sponsor support.
- Maintain respectful and accountable relationships with individual and organizational contributors.
- Seek editorial partnerships and collaborations to enhance capacity, perspective, timeliness, and relevance and apply public media standards to these arrangements.

(b) as a scholar by the executive secretary. If that senior is designated as a scholar by the executive secretary, but does not qualify for a higher education scholarship under sub. (2) (a) or (3) (a), the faculty of the high school shall select, in order of priority, one or more of the remaining seniors with the same grade point average for certification as a scholar or, if there is no remaining senior with the same grade point average, one or more of the remaining seniors with the next highest grade point average, but not less than 3.800 or the equivalent, for certification as a scholar, and the school board of the school district operating the high school or the governing body of the private or tribal high school shall certify to the board one or more of these seniors as eligible for a higher education scholarship as a scholar under sub. (2) (a) or (3) (a) until the scholarship may be awarded by the board.

(f) If 2 or more seniors from the school operated by the Wisconsin Center for the Blind and Visually Impaired have the same grade point average and, except for the limitation of one designated senior, are otherwise eligible for designation under par. (c) 1., the executive secretary shall make the designation under par. (c) 1. of the senior who may be eligible for a higher education scholarship as a scholar. If that senior does not qualify for a higher education scholarship under sub. (2) (a) or (3) (a), the executive secretary shall designate, in order of priority, one or more of the remaining seniors with the same grade point average, or, if there is no remaining senior with the same grade point average, one or more of the remaining seniors with the next highest grade point average, but not less than 3.800 or the equivalent, as eligible for a higher education scholarship as a scholar under sub. (d), for each of the 2 school years following the closure or merger, designate the same number of scholars from among the pupils enrolled in the high school at the time of closure or merger as the number of scholars designated for that high school in the school year the high school closed or merged. Any seniors designated under this paragraph shall be eligible for an original scholarship under this section.

(h) Notwithstanding par. (a), if a public high school of at least 80 pupils closed following the 1989–90 school year and a pupil from the closed high school was designated a scholar under this section for either of the 2 school years following the closure by the school board of a school district operating a high school that enrolled pupils from the closed high school, such school board shall designate the senior with the next highest grade point average for that school year as a scholar. Any scholar designated under this paragraph shall be eligible for a higher education scholarship under sub. (2) (b) or (3) (b) as determined under par. The school board of the school district operating the high school or the governing body of the private high school shall certify to the board one or more of these seniors as eligible for a higher education scholarship as a scholar under sub. (2) (a) or (3) (a) until the scholarship may be awarded by the board.

(j) In the event that 2 or more seniors from the same high school of at least 80 pupils have the same grade point average and are otherwise eligible for designation under par. (a), the school board of the school district operating the high school or the governing body of the private or tribal high school shall make the designation of the faculty of the high school for purposes of par. (d) or (i).

(m) Notwithstanding pars. (a), (b) and (d), if a high school ranks its seniors on the basis of grades in academic subjects, the school board of the school district operating the high school or the governing body of the private high school or, for purposes of par. (d), the faculty of the high school may request a waiver from the executive secretary in order to fulfill its requirements under par. (a), (b) or (d) on the basis of grade point averages in academic subjects.

(2) (a) If a designated scholar under sub. (1m) is admitted to and enrolls, on a full–time basis, by September 30 of the academic year immediately following the school year in which the senior was designated a scholar, in an institution within the University of Wisconsin System or in a technical college district school that is participating in the program under this section, the scholar shall receive a higher education scholarship that exempts the scholar from all tuition and fees, including segregated fees, at the institution or district school for one year, except that the maximum scholarship for a scholar who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$2,250 per academic year.

(b) For each year that a scholar who receives a scholarship under par. (a) is enrolled full time, maintains at least a 3.000 grade point average, or the equivalent as determined by the institution or district school, and makes satisfactory progress toward an associate degree, a bachelor's degree, or a vocational diploma, the student shall be exempt from all tuition and fees, including segre-

gated fees, in the subsequent year or, if the scholar does not enroll in a participating institution of higher education in the subsequent year, in the 2nd year following the year in which the scholar received the scholarship, except that the maximum scholarship for a scholar who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$2,250 per academic year. No scholar is eligible for an exemption for more than 4 years in the University of Wisconsin System or more than 3 years at a district school.

(c) Subject to sub. (4), for each year the student is exempt from tuition and fees under par. (a) or (b), the board shall pay the institution or district school, on behalf of the student, an amount equal to 50 percent of the student's tuition and fees, except that the maximum payment for a student who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$1,125 per academic year.

(3) (a) If a designated scholar under sub. (1m) is admitted to and enrolls, on a full-time basis, by September 30 of the academic year immediately following the school year in which the senior was designated a scholar, in a private institution of higher education that is located in this state and participating in the program under this section, the board shall pay the institution, on behalf of the pupil, an amount equal to 50 percent of the tuition and fees charged a resident undergraduate at the University of Wisconsin–Madison in the same academic year, except that the maximum payment for a pupil who receives an original scholarship for the 1996–97 academic year or for any academic year thereafter may not exceed \$1,125 per academic year.

(b) For each year that a scholar who receives a scholarship under par. (a) is enrolled full time, maintains at least a 3.000 grade point average, or the equivalent as determined by the private institution, and makes satisfactory progress toward a bachelor's degree, the student is eligible for a higher education scholarship as determined under par. (a) in the subsequent year or, if the scholar does not enroll in a participating institution of higher education in the subsequent year, in the 2nd year following the year in which the scholar received the scholarship. No scholar is eligible for a higher education scholarship for more than 4 years at a private institution of higher education.

(4) (a) The board shall make the payments under subs. (2) (c) and (3) only if the institution, district school or private institution matches the amount of the payment from institutional funds, gifts or grants. Beginning in the 1992–93 school year, the matching requirement under this paragraph for the institutions within the University of Wisconsin System shall be satisfied by payments of an amount equal to the total payments from the institutions made under this paragraph in the 1991–92 school year and, if such payments are insufficient to satisfy the matching requirement, by the waiver of academic fees established under s. 36.27.

(b) The board shall make the payments under subs. (2) (c) and (3) from the appropriation under s. 20.235 (1) (fy).

2. If an institution of higher education that has notified the board under subd. 1. subsequently wishes to no longer participate in the scholarship program under this section, the institution of higher education shall notify the board of this fact in writing by October 1 prior to the academic year in which the institution will no longer participate.

(b) Each designated scholar who is eligible for an original higher education scholarship under sub. (2) (a) or (3) (a) shall notify the board as soon as practicable of the institution of higher education he or she will be attending in the next academic year. Each designated scholar who is eligible for a subsequent higher education scholarship under sub. (2) (a) or (3) (a) shall notify the

board as soon as practicable whether he or she will be enrolling in a participating institution of higher education in the academic year immediately following the academic year in which he or she received an original or subsequent scholarship under sub. (2) (a) or (3) (a), or in the 2nd academic year, following that academic year and of the institution of higher education in which he or she will be enrolling.

(c) Annually, the board shall notify each scholar who will be attending a participating institution of higher education in the next academic year of the amount of his or her higher education scholarship.

(6) (a) Except as provided in par. (b), a scholarship under this section shall not be used to replace any other grant for which a student is eligible.

(b) A student who receives a scholarship under this section is not eligible to receive a scholarship under s. 39.415.

(7) By August 1, 1997, and annually thereafter, the board shall submit a report to the joint committee on finance evaluating the success of the program under this section. ### 39.47 Minnesota–Wisconsin student reciprocity agreement. (1)

There is established, to be administered by the board, a Minnesota–Wisconsin student reciprocity agreement, the purpose of which shall be to ensure that neither state shall profit at the expense of the other and that the determination of any amounts owed by either state under the agreement shall be based on an equitable formula which reflects the educational costs incurred by the 2 states, reflects any differentials in usage by residents of either state of the public institutions of higher education located in the other state, and reflects any differentials in the resident tuition charged at comparable public institutions of higher education of the 2 states. The board, representing this state, shall enter into an agreement meeting the requirements of this section with the designated body representing the state of Minnesota.

(2) The agreement under this section shall provide for the waiver of nonresident tuition for a resident of either state who is enrolled in a public vocational school located in the other state. The agreement shall also establish a reciprocal fee structure for residents of either state who are enrolled in public institutions of higher education, other than vocational schools, located in the other state. The reciprocal fee may not exceed the higher of the resident tuition that would be charged the student at the public institution of higher education in which the student is enrolled or the resident tuition that would be charged the student at comparable public institutions of higher education located in his or her state of residence, as specified in the annual administrative memorandum under sub. (2g). The agreement shall take effect on July 1, 2007. The agreement is subject to the approval of the joint committee on finance under s. 39.42.

(2g) Prior to each academic year, the board and the designated body representing the state of Minnesota shall prepare an administrative memorandum that establishes policies and procedures for implementation of the agreement for the upcoming academic year, including a description of how the reciprocal fee structure shall be determined for purposes of sub. (2), and the board shall submit the administrative memorandum to the joint committee on finance. If the cochairpersons of the committee do not notify the board that the committee has scheduled a meeting for the purpose

of reviewing the administrative memorandum within 14 working days after the date of the submittal, the administrative memorandum may be implemented as proposed by the board. If, within 14 working days after the date of the submittal, the cochairpersons of the committee notify the board that the committee has scheduled a meeting for the purpose of reviewing the administrative memorandum, the administrative memorandum may be implemented only upon approval of the committee.

(2m) No resident of this state whose name appears on the statewide support lien docket under s. 49.854 (2) (b) may receive a waiver of nonresident tuition under this section, unless the resident provides to the board a payment agreement that has been approved by the county child support agency under s. 59.53 (5) and that is consistent with rules promulgated under s. 49.858 (2) (a).

(3) At the end of each semester or academic term, each state shall determine the number of students for whom nonresident tuition has been waived under the agreement. Each state shall certify to the other state, in addition to the number of students so determined, the aggregate amount of its reimbursement obligation. The state with the larger reimbursement obligation shall pay as provided in the agreement an amount determined by subtracting the reimbursement obligation of the state with the smaller reimbursement obligation from the reimbursement obligation of the state with the larger reimbursement obligation. The agreement shall provide a reasonable date for payment of any such sums due and owing, after which date interest may be charged on the amount owed. The methodology for determination of the appropriate interest rate shall be included in the agreement. Any payments received by this state under this subsection shall be deposited in the general fund.

**History:** 1973 c. 90; 1977 c. 29; 1979 c. 221; 1983 a. 27; 1987 a. 27; 1989 a. 184; 1995 a. 27, 404; 1997 a. 27, 200; 1999 a. 9; 2007 a. 20.

**39.48 Armed forces.** If a student who is a member of a national guard or a member of a reserve unit of the U.S. armed forces withdraws from a private nonprofit college or university located in this state after September 11, 2001, because he or she is called into state active duty or into active service with the U.S. armed forces for at least 30 days, the college or university shall, at the student's request, do all of the following:

(1) Reenroll the student beginning in the semester in which he or she is discharged, demobilized, or deactivated from active duty or the next succeeding semester, whichever the student prefers, and give the student the same priority in registering for courses that the student would have had if he or she had registered for courses at the beginning of the registration period.

**NOTE:** Sub. (1) is affected by 2005 Wis. Acts 324 and 470. The 2 treatments are mutually inconsistent. Sub. (1) is shown as affected by the last enacted act, 2005 Wis. Act 470. As affected by 2005 Wis. Act 324, it reads:

3. Provide a clearinghouse of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

4. Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

(b) It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

(c) The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

(2) **ARTICLE II — STATE DEFINED.** As used in this compact, "state" means a state, territory, or possession of the United States, the District of Columbia, or the commonwealth of Puerto Rico.

(3) **ARTICLE III — THE COMMISSION.** (a) The education commission of the states, hereinafter called "the commission", is hereby established. The commission shall consist of 7 members representing each party state. One of such members shall be governor; 2 shall be members of the state legislature selected by its respective houses and serving in such manner as the legislature may determine; and 4 shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, 6 members shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its mem-

bers of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed 10 nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

(b) The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to sub. (4) and adoption of the annual report pursuant to par. (j).

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairperson, who shall be a governor, a vice chairperson and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

(f) The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of 2 or more of the party jurisdictions or their subdivisions.

(g) The commission may accept for any of its purposes and functions under this compact any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to par. (f) shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant or services borrowed, and the identity of the donor or lender.

(h) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold and convey real and personal property and any interest therein.

(i) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient

form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The commission annually shall submit to the governor, to the chief clerk of each house of the legislature for distribution to the legislature under s. 13.172 (2) and to the legislature of any other party state a report covering the activities of the commission for the preceding year. The commission may submit such additional reports as it deems desirable.

**(4) ARTICLE IV — POWERS.** In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

(a) Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

(b) Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration and instructional methods and standards employed or suitable for employment in public educational systems.

(c) Develop proposals for adequate financing of education as a whole and at each of its many levels.

(d) Conduct or participate in research of the types referred to in this subsection in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education and other agencies and institutions, both public and private.

(e) Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

(f) Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

**(5) ARTICLE V — COOPERATION WITH FEDERAL GOVERNMENT.** (a) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed 10 representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

(b) The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

**(6) ARTICLE VI — COMMITTEES.** (a) To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of 32 members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of 2 years, except that members elected to the first steering committee of the commission shall be elected as follows: 15 for one year and 15 for 2 years. The chairperson, vice chairperson, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee

shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than 2 terms as a member of the steering committee: provided that service for a partial term of one year or less shall not be counted toward the 2-term limitation.

(b) The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to 2 or more of the party states.

(c) The commission may establish such additional committees as its bylaws may provide.

**(7) ARTICLE VII — FINANCE.** (a) The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(b) The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

(c) The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it under sub. (3) (g), provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under sub. (3) (g), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified certified public accountant licensed or certified under ch. 442, and the report of the audit shall be included in and become part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

**(8) ARTICLE VIII — ELIGIBLE PARTIES; ENTRY INTO AND WITHDRAWAL.** (a) This compact shall have as eligible parties all states, territories, and possessions of the United States, the District of Columbia and the commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

(b) Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same: provided that in order to enter into initial effect, adoption by at least 10 eligible party jurisdictions shall be required.

(c) Adoption of the compact may be either by enactment thereof or by adherence thereto by the governor; provided that in the absence of enactment, adherence by the governor shall be sufficient to make the governor's state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the governor shall appoint those persons who, in addition to the governor, shall serve as the

members of the commission from the governor's state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to the governor.

(d) Except for a withdrawal effective on December 31, 1967, in accordance with par. (c), any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

(9) ARTICLE IX — CONSTRUCTION AND SEVERABILITY. This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

## Introduction

The mission of the Educational Communications Board (ECB), as described in Wis. Stat. 39.11, is to provide a statewide telecommunications system and assistance in the diffusion of advanced technologies in support of education, public broadcasting, public safety and media. As part of that mission, public radio and television programs and services that reflect and respond to the educational and cultural interests and needs of the state are made available throughout the State of Wisconsin.

The Educational Communications Board is committed to ensuring that Wisconsin residents have equitable access to telecommunications services and advanced technologies in support of educational and public safety goals.

## The Role of ECB

The Wisconsin public broadcasting network operates as a formal partnership between the ECB (a state agency) and the University of Wisconsin-Madison. ECB is the licensee of 5 television stations and 6 TV translators; 18 radio stations and 4 radio translators. Additionally, ECB maintains 28 National Oceanic and Atmospheric Administration (NOAA) weather stations (13 federal/15 state) located throughout Wisconsin.

ECB's core focus within the public broadcasting partnership is the network transmission of public radio and TV. This work includes the construction and maintenance of broadcast towers, transmitters, translators, the broadcast interconnect, and operation of the television network master control. It also includes expansion of service area through signal improvements and new station licensing, and compliance with state and federal regulations.

ECB provides the technical backbone of the Emergency Alert System which includes "Amber Alert" and the NOAA weather alerts. Additionally, ECB networks back up wireless alerting systems throughout Wisconsin. ECB also serves as a conduit for critical non-weather emergency alerts in coordination with other public safety organizations such as the Wisconsin Division of Emergency Management and the Department of Military Affairs, the Department of Homeland Security, Wisconsin Highway Patrol, U. S. Coast Guard, Civil Air Patrol, and first responders and 911 centers across the state.

ECB's robust tower system not only serves public broadcasting, but provides important signal points for other state agencies including the Wisconsin Division of Emergency Management and the Department of Military Affairs, the Department of Transportation, and the Department of Natural Resources. ECB policy allows for excess tower capacity to be made available to private entities, producing joint benefits of increasing agency revenue and maximizing communications services to Wisconsin citizens.

## **Strategic Directions**

In adherence to Board Policy requiring a 3-year strategic planning cycle, the Board met in October 2020 to initiate the development of the plan for FY21 – 24. As a result, the Board reinforced existing priorities directing the agency to:

- I. Strengthen the impact, reach and performance of the ECB to better serve all of the citizens of Wisconsin while recognizing and striving to serve an increasingly diverse population;
- II. Assure responsible stewardship of agency resources in carrying out the work of the ECB; and
- III. Grow and engage public media audiences using the most effective forms of content delivery.

The Board also recommended that the agency take steps to:

- Remain relevant in the world of advancing technology.
- Leverage partnerships and assets for better outcomes.

These directives and recommendations will inform the operational strategy of the agency. Actions taken to meet these objectives could be one-time events or involve longer processes. The Board should be aware that some outcomes may take time to actualize due to the length of project terms or the pace of technology.

## Measurement

As stewards of both public and donated funds, ECB is accountable to the public and reports regularly to the people and organizations that provide its support. Agency actions upholding the directives and recommendations of the Board will be routinely measured and reported. Outcomes may apply to specific directives, yet should also be evaluated in a holistic way that responds to the overarching mission of the agency.

**Direction I: Strengthen the impact, reach and performance of the ECB to better serve all of the citizens of Wisconsin while recognizing and striving to serve an increasingly diverse population.**

Actions:

1. Plan, construct, develop and maintain a reliable statewide broadcast communications system that ubiquitously and equitably serves the public.
  - Establish, maintain, modernize and secure the statewide broadcast network interconnection and transmission facilities.
  - Monitor public safety responses to ensure system reliability.
  - Support PreK-12 education and home learning by creating and offering Wisconsin-focused curriculum-based media to teachers, parents and students.
2. Prioritize network expansion to underserved and remote audiences throughout Wisconsin. Identify opportunities for increased, enhanced, or new coverage in preparation for FCC license application and modification events.
3. Inform legislators and the public on the value public media delivers to Wisconsin. Engage with state and federal legislators to demonstrate the value our service and advocate for continued public funding of ECB activities.
4. Sustain and advance ECB's essential statewide communications role through collaborations that maximize our expertise and broaden our public service.

## **Direction II: Assure responsible stewardship of agency resources in carrying out the work of the ECB.**

### **Actions:**

1. Improve the capacity of our human resources through skills training and implementation of equity and inclusion strategies; strive to compensate staff commensurate with skillsets and merit.
2. Continue to refine the organizational structure within our broadcast Partnership with UW-Madison to make most effective use of talent and human resources.
3. Responsibly manage state assets to maximize service, minimize costs and mitigate risk.
4. Facilitate the optimization of the state's communications infrastructure by assisting with broadband deployment when possible.

## **Direction III: Grow and engage public media audiences using the most effective forms of content delivery.**

### **Actions:**

1. Continually evaluate and evolve methods of content delivery to ensure that ECB is providing relevant forms of media to the statewide audience.
2. Provide reliable delivery of public safety content and alerting.
3. Stay abreast of changes in the Emergency Alert System (EAS) by being an active participant in the state EAS committee. Sustain ECB's role in direct service to Wisconsin as the essential backbone of the EAS technology infrastructure.
